EXPERIENCE

Tech Skills: C# ASP.NET using Entity Framework, AngularJS, JavaScript, HTML5, CSS, CSS3, SQL, Bootstrap, GIT, Git Bash, Razor

IDE: Visual Studio 2015, Sublime Text3

9/25/2017 – Present   Software Engineer at Vertafore Pulaski, TN.

5/1/2017 – 8/22/2017   Self-Employed performing data compilation for marketing purposes.

1/1/2016 – 1/10/2017   Apprentice Software Developer at Nashville Software School.

- Created two RESTful applications utilizing: Frontend: AngularJS, JavaScript, HTML5, CSS3, Razor; Backend: C# ASP.NET Entity Framework, with SQLite for one app and Firebase for the other.

- Worked on collaborative teams to create web applications, utilizing Trello for project management and GitHub and Git Bash for version control.

- Worked on assigned solo projects as well as team projects utilizing JavaScript, JQuery, HTML5, CSS3, AngularJS, C#, ASP.NET

- Projects: **DayTrader**, a web application with an API call to Quandl financial database returning the most recent closing price of a NYSE-traded stock. The app allows the user to create a list of favorite stocks and notes for future positions to take. The app uses HTML5, CSS, AngularJS (authentication and factory) **VolunteerTrack**, a web application with a google map with markers providing the user with charities that need volunteers, as well as helpful links. The user can save information such as their personal charitable contributions, hours spent volunteering, as well as mileage used in the commission of volunteer activities. The database is SQLite, provided by C# ASP.NET, with Entity Framework, Razor, AngularJS, JavaScript, HTML5, and CSS.

11/2013 – 7/28/2016   Account Manager(e-Commerce), MCN Interactive.

Increased sales by 110% across 16 e-commerce accounts. Uploaded inventory, photos, banners, etc. into online stores. Managed online promotions, inventory, and client relationships. Contractor for two years, then transitioned to f/t employee until company downsized.

9/2001 – 11/2013   Stay-at-home Parent

Worked part-time off and on doing childcare in a few different churches.
